Health Partners Has a New Provider Search Tool!

HEALTH PARTNERS
OF NORTHERN CALIFORNIA

Click to visit the new page at healthpartnersnca.org/provider-search/. Then scroll down to see the map and results.

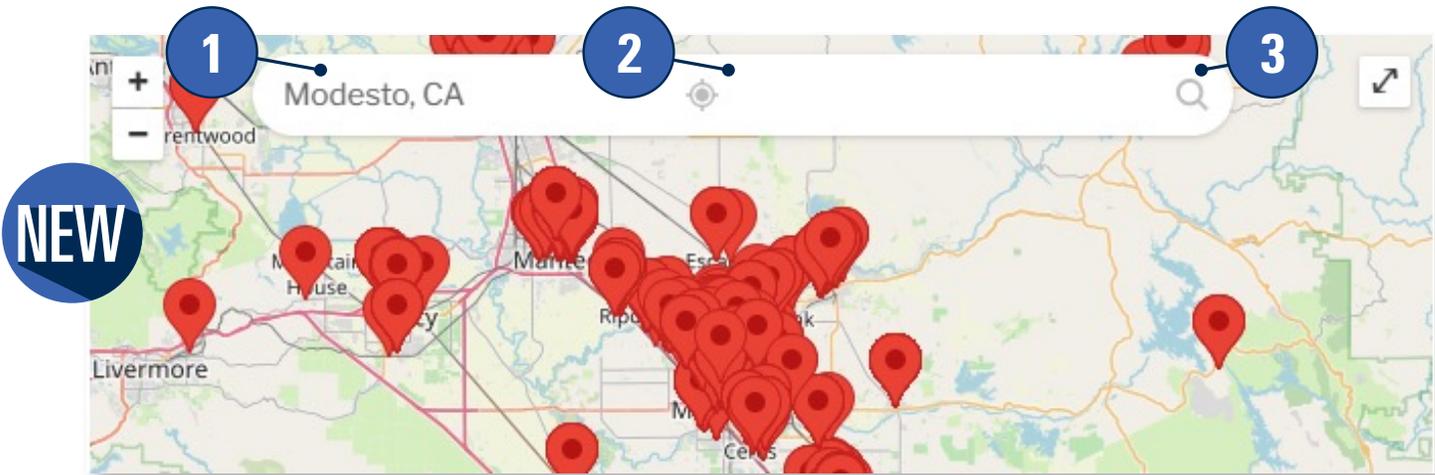

There are several ways to search for providers:

1. The left side of the search bar will do a proximity search based on either zip code or city

2. The right side of the search bar is where you enter the name of provider or specialty you are looking for

3. Click on the magnifying glass to initiate the search

For example, if you were looking for Elite Urgent Care:

4. Enter 'Elite', 'Urgent Care', or 'Basi', on the right hand side and Modesto on the left, click search (magnifying glass)

5. To initiate a new search, simply click on the 'X' and make sure right side is clear

6. You can also search by specialty by clicking on the down arrow next to 'Filter by'
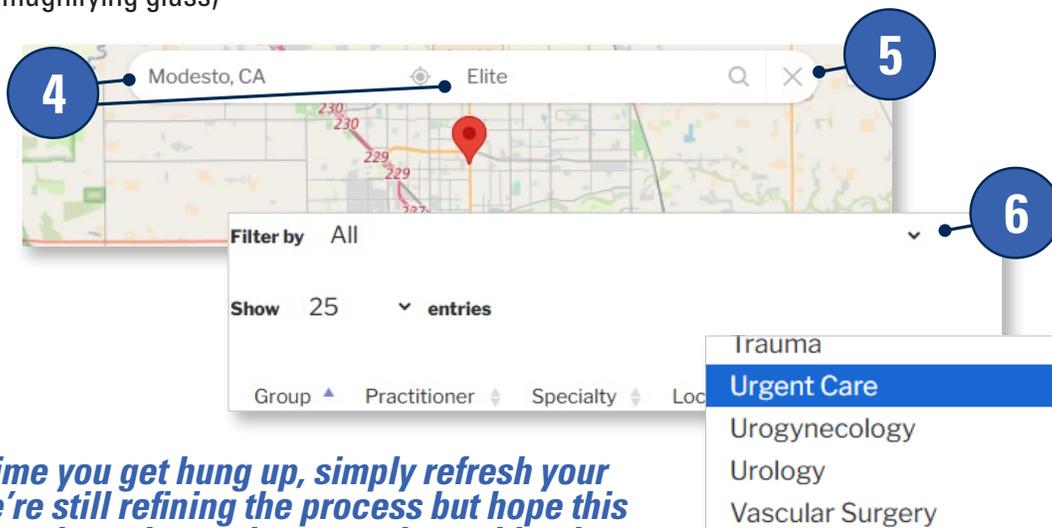

If at anytime you get hung up, simply refresh your page. We're still refining the process but hope this makes it easier to locate in-network providers!
